

## DISCOVERY CANYON CAMPUS DROP-OFF AND PICK-UP INFORMATION 2017-2018

The safety of Discovery Canyon Campus (DCC) students, staff, parents, and visitors is of the highest priority. The DCC administrative team would like to remind all parents, students, and community members of some very important driving and pedestrian regulations when accessing DCC.

### Student Drop Off/Pick Up

There are two main areas (zones) for student drop-off/pick-up. These zones are located in front of the Lower Campus and along the fronts of the Middle and Upper Campus entrances.

- Both zones are one way with single file traffic (one lane) allowed for student drop off/pick up.
- Pull as far forward as possible before dropping off/picking up your student.
- Drop-off/pick-up your student(s) as soon as possible after stopping in the zone. Multiple sidewalks lead to the Campus entrances from all areas along all drop off/pick up zones.
- Follow the directions of the traffic supervisors while in the drop off/pick up zones.
- All cars must be parked in designated parking spaces. If a parking space is not available, the kiss-n-go line should be used to pick-up the student.
- Elementary students may not walk in parking lots without a parent or adult with them. When walking with your child, please utilize the painted crosswalks on the far east and far west sides of the drive.
- The rear parking lot (north side of DCC) is reserved for bus traffic and school deliveries. Parents may not use the back lot to pick up or drop off their child.
- Students should not be dropped-off or picked-up in any other areas or curbsides on the campus.

### Kindergarten Pick-up:

- **NEW THIS YEAR:** All kindergarten students must be picked up after school by an authorized adult at the kindergarten playground. Students will remain behind the playground fence until an adult checks the student out with the teacher. Parents of kindergarten students will have to park and walk to the fence to pick up their child after school. (Kindergarten parents may use the kiss-n-go line before school.)

### Walking to School

- Cross Silverton at crossing guard/crosswalk only.
- Stay on the sidewalk from Silverton throughout campus.
- Do not cross into parking/traffic areas.
- Only service animals are permitted on campus. Please leave pets at home when dropping off or picking up your child.
- **NEW THIS YEAR:** Elementary parents that walk with their child to school will be asked to remain on the south side of the building (in the spiral plaza) before school. For safety reasons, we will not have parents cross through the building to the playground area before school.

### Riding Bikes to School

- Helmets should be worn when riding to and from school.
- Bike riders should follow the pedestrian route on campus.
- Bikes must be walked on school property at all times. (There is no bike lane on school property and bikes cannot be ridden on the sidewalks or in streets due to heavy traffic.)
- Bikes must be locked on a bike rack (not locked to other posts or signs).
- Middle level students may ride independently to and from school.

### Parents/Visitors

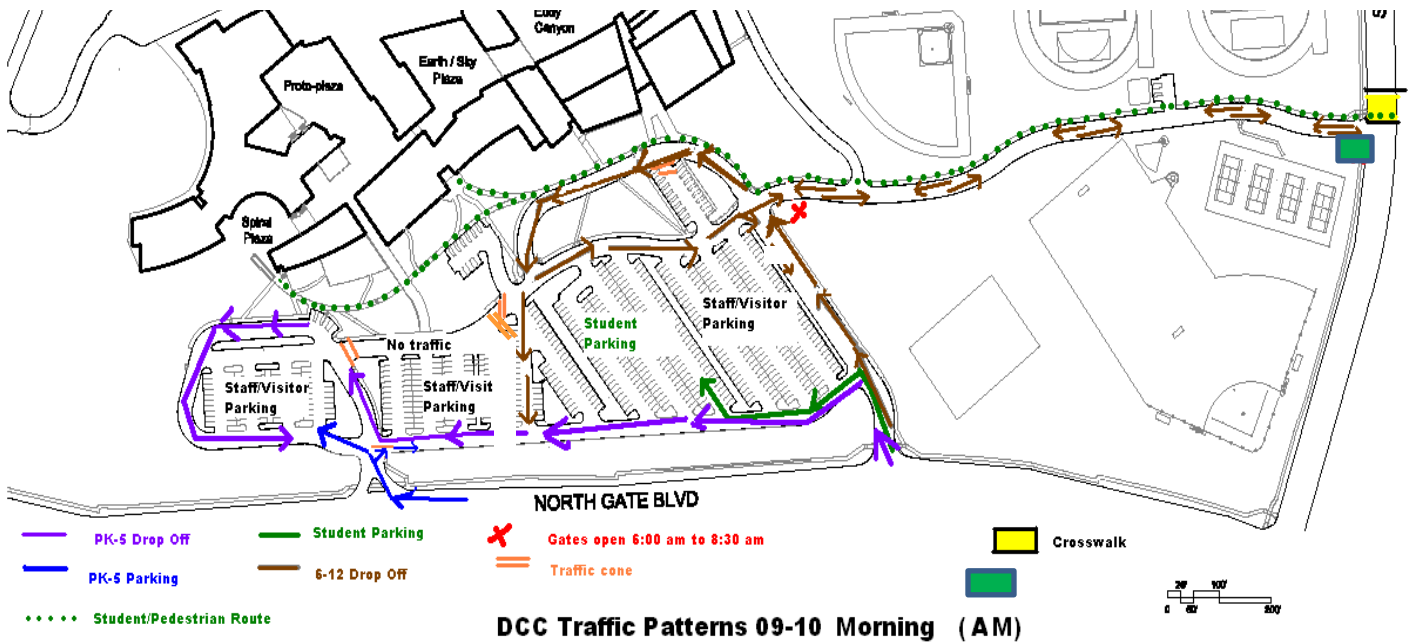

1. Lower Campus Entrance – Visitors to the Lower Campus must park in the Lower Campus main parking lot.
2. Middle Campus Entrance – Visitors may park in the limited number of “Visitor” parking spots near the Middle Campus entrance. If no “Visitor” spots are available, parents/visitors to the Middle Campus must park in the Middle Campus main parking lots.
3. Upper Campus Entrance – Visitors to the Upper Campus must park in the Upper Campus main parking lots.
4. Handicap Parking – All Handicap parking spots are reserved for vehicles appropriately identified and authorized for Handicap use only. **Vehicles illegally parked in a Handicap space may be ticketed.**
5. Posted No Parking – Vehicles parking in posted “No Parking” areas may be ticketed.

## General Regulations

1. Speed limit signs are posted on Campus. Vehicular speed limits are **10 MPH** in all areas on Discovery Canyon Campus.
2. Stop signs are posted at major intersections. Please come to a complete stop at all posted intersections.
3. Curbside parking is allowed unless the curbside is posted as a "Fire Lane."
4. Designated crosswalks are located at major pedestrian roadway crossings. Please utilize extra caution when approaching marked crosswalks. In addition, utilize the crosswalks for gaining access or leaving Campus facilities.

We appreciate your understanding, compliance, and support of these basic traffic and pedestrian regulations to promote a safe environment for students, staff, parents, and visitors.
